Political Science and Public Policy 1968 using the concept of public policy as an integrating theme this classic book explores the social and political environment of business from a managerial focus it considers specific issues and outlines many management oriented techniques for dealing with such issues showing how issues are raised in our society and how business and government interact in the resolution of those issues content is organized into five major sections part i covers theoretical and conceptual material and expands coverage of the institutional and public policy aspects of government part ii deals specifically with the public policy process part iii focuses on specific public policy issues of concern to management part iv explores the ethical and international dimensions of public policy part v discusses management responses to public policy issues in the context of a strategic management framework there is a chapter on public issues management that includes discussions about stakeholder management and the legal environment of business and a chapter on corporate political strategies each chapter begins with a brief

company oriented incident and includes short cases at the end of most chapters this book will be useful to managers who deal with public policy issues such as public affairs and public relations professionals directors of executive education management training executives or public policy analysts

Public Policy Analysis 1981 the significant changes that have swept the television industry over the last two decades most notably a shift to deregulation in broadcast media prompt a discussion on how to ensure that meaningful content is available to the viewer television and public policy analyzes the current state of television systems in a selected group of countries by exploring the political economic and technological factors that have shaped the sector in such a short span of time consequently by positioning the television sector within issues of media policy and the regulatory framework the book questions what these trends mean for television and the historical political and cultural role in our societies television and public policy distinguishes itself in several ways it is a global project in its comparative scope and subject area contributors represent countries including australia brazil canada china egypt india iran ireland israel italy japan the netherlands new zealand poland the united kingdom and the united states it is contemporary and filled with information largely absent in current literature it offers original analysis of the contemporary television sector this book speaks to a broad range of academics postgraduate and undergraduate students and can serve as a key resource for courses ranging from media studies to development studies international relations and law

American Public Policy Problems 2000 this updated edition of american public policy by b guy peters provides a comprehensive yet accessible overview of the policy making process from procedural approaches and policy instruments to in depth analysis of specific policy issues the eleventh edition considers how policy has been impacted by recent economic and political developments not shying away from the complexity of governmental procedure peters ensures that the mechanisms of the policy process are understandable through insightful discussions of topical policy areas

Business Environment and Public Policy 1982 some say that public policy can be made without the benefit of theory that it emerges instead through trial and error others see genuine philosophical issues in public affairs but try to resolve them through fanciful examples both argues robert e goodin are wrong goodin a political scientist who is also an associate editor of ethics shows that empirical and ethical theory can and should guide policy to be useful however these philosophical discussions of public affairs must draw upon actual policy experiences rather than contrived cases further they must reflect the broader social consequences of policies rather than just the dilemmas of personal conscience effectively integrating the literatures of social science policy science and philosophy goodin provides a theoretically sophisticated yet empirically well grounded analysis of public policies the principles underlying them the institutions shaping them and the excuses offered for their failures this analysis is enhanced by the author s discussion of such specific cases as the disposal of nuclear wastes and the priority accorded national defense cases that illustrate goodin s theoretical and methodological framework for approaching policy issues

Television and Public Policy 2009-04-09 the discipline of public administration and public policy shows a renaissance of research in which explicit attention is paid to political institutions this book offers both a theoretical overview and a set of applications using this new approach the theoretical overview brings together insights from economics political science sociology and the study of law to provide a framework to better understand political institutions and the ways in which institutions can be analyzed in addition this volume presents various applications of this new perspective in the context of western european politics and the making of public policy the book should be of major interest to students of public administrations and public policy and related fields it is also of relevance to those who have an interest in political decision making in europe

International Encyclopedia of Public Policy and Administration 1968-01-21 describes the ways some of the important social problems are handled by the public policy system this book contains papers that discuss policy sciences public policy analysis and public management addressing operations and design issues for government organizations

DEFINING PUBLIC ADMINISTRATION 2019-06-14 over recent years complexity science has revealed to us new limits to our possible knowledge and control in social cultural and economic systems instead of supposing that past statistics and patterns will give us predictable outcomes for possible actions we now know the world is and will always be creative and surprising continuous structural evolution within such systems may change the mechanisms descriptors problems and opportunities

often negating policy aims we therefore need to redevelop our thinking about interventions policies and policy making moving perhaps to a humbler more learning approach in this handbook leading thinkers in multiple domains set out these new ideas and allow us to understand how these new ideas are changing policymaking and policies in this new era peter m allen cranfield university uk

American Public Policy 2018-09-04 this text remains the authoritative work on agenda setting and policy formation this report on original research includes many dow to earth illustrations and quotations from interviews creating enjoyable and informative reading for undergraduate students

Political Theory and Public Policy 1982 public policy is a broad and interdisciplinary area of study and research in the field tends to reflect this yet for those teaching and studying public policy the disjointed nature of the field can be confusing and cumbersome this text provides a consistent and coherent framework for uniting the field of public policy authors kevin b smith and christopher w larimer offer an organized and comprehensive overview of the core questions and concepts major theoretical frameworks primary methodological approaches and key controversies and debates in each subfield of policy studies from the policy process and policy analysis to program evaluation and policy implementation the third edition contains the latest scholarship and approaches in the field including new and expanded coverage of behavior economics the narrative policy framework implementation studies the policy regime approach and field experiments now with an appendix of sample comprehensive exam questions the public policy theory primer remains an indispensable text for the systematic study of public policy

Urban Politics and Public Policy 1971 public policy a concise introduction is a student friendly textbook that quickly connects readers to the inner workings of public policy the text condenses early chapters on theory and the policy making process allowing students to take up key policy challenges such as immigration education and healthcare much earlier in the semester not every student starts out engaged in public policy so place your students both majors and non majors alike in the driver s seat by fostering their analytical skills early and spend the rest of the semester discussing policy issues examining data and debating current policy examples that matter most to them the second edition has been updated to include how we can collectively use public policy to raise individuals from the margins and address inequities that exist in our system recent policy questions include how do we shape our country s health care system how do we address increases in costs of tuition and did the covid 19 pandemic positively or negatively shape our public education system
